

# YOUR PROBLEMS QUANTIFIED

**70%**

Performance problems caused by CODE not infrastructure

**30%**

Less than 30% of problems can be found by standard Load Testing

**0**

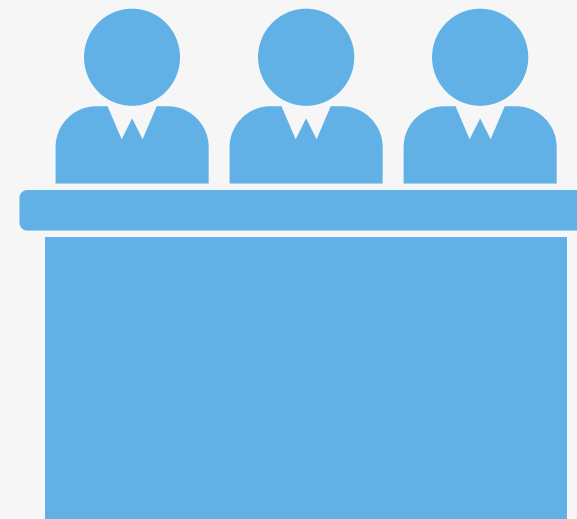

Amount of patience your users have

**WHAT YOU NEED**

Experts averaging 20 yrs of experience to augment your team

**A WIDE BENCH**

After Hours Support to take the stress off your internal team and handle issues immediately

# Soaring Eagle Database Consulting

For CTOs, CIOs, and Data Managers who need more reliability in their data environment, Soaring Eagle can provide Database Managed Services to keep their data Secure, Accessible, and Optimized.

# Who We Are

- \*22 years in business
- \*ALL DBAs 15 yrs+ Experience
- \*HIPAA trained
- \*PCI Trained
- \*SOC2
- \*20 Books Published

## Short Term Consulting

Performance+Tuning, Disaster Recovery, Architecture, Always On, Specialized training courses for DevOps and DBAs, and more!

## Augment Your Team

Our 24x7 Full Operational Managed Services is run by the same On Shore experts!

We take on the grunt work and provide leadership to understaffed teams.

## FLIGHT -> SaaS SQL Monitoring Solution

Finally! A portal to view, monitor, and diagnose your SQL environment from any web browser. The 'Secret Sauce' to our Managed Services is now available if our Managed Services doesn't fit your business model.

# How Can We Help You?

Application slowness?  
Overspending on cloud CPU?  
Overspending on hardware?  
Unable to diagnose root cause  
issues affecting systems?  
Projects need more  
manpower?
